

ELS NANOS COLLITA 2021

Josep Foraster – Montblanc – Do Conca de Barberà.

Els Nanos Collita is our young red wine. This wine is a maximum expression of the primary aromas of the grape. It has a fresh and sweet profile in the mouth, with aromas of berries and flowers that reaffirm the potential of a young wine.

ELS NANOS

Varieties:

90% Tempranillo / 10% Trepat.

Farms and Land:

All the grapes used for the production of this wine come from the Mas Castells vineyard, in the town of La Guardia, located at the foot of the Sierra de Miramar. This vineyard, located at 370 m above sea level, has a fairly deep clayey-calcareous soil.

The high daily thermal contrast allows an optimal phenolic maturation of these more continental varieties, giving the wine a very fruity character.

Elaboration:

The harvest is carried out a couple of days before the phenolic ripening point to maintain the freshness of the grape. All varieties are harvested and vinified separately.

In the case of Ull de Llebre the macerations are 10 days, 14 in the case of Trepat. All macerations are at temperatures of 20°C.

The result is a cherry-colored wine, very expressive in fruity aromas, with the ability to pair with many foods.
